

## Our Mission

Our vision is a community where individuals and families can live healthy, safe and productive lives.

The primary mission of DISC Village, Inc. is to promote the well-being of individuals, families and those with whom they are closely associated who are adversely affected by alcohol and other drug abuse, crime, behavioral problems and mental health disorders.

DISC Village, Inc. is committed to developing a broad continuum of services in response to the multiple and diverse needs of the community while helping assure public safety. This will be accomplished by focusing upon continued accreditation, staff competence, measurable outcomes in services and consumer satisfaction.

All services are provided confidentially. Strict adherence to all Federal and Florida Statutes is maintained.

*MAKING A  
DIFFERENCE TOGETHER.*

DISC Village, Inc.

# JUVENILE SUBSTANCE ABUSE OUTPATIENT SERVICES

## Who Are We?

The Juvenile Substance Abuse Outpatient Program is an integral part of the continuum of care offered by DISC Village, Inc. Specializing in the treatment of chemical use and abuse, we offer comprehensive outpatient and case management services to concerned individuals and their families.

Outpatient services are provided by trained professionals experienced in assessment, diagnosis, and treatment of chemically abusing or dependent individuals and their families. We are committed to prevention, intervention, and quality treatment directed toward long term recovery.

Admission can be voluntary or court-ordered for adolescents seeking treatment for chemical dependence or related issues.

## Our Services

The initial consultation includes an assessment of the individual's and family's needs and suitability for outpatient treatment. Length of treatment is usually three months, but is based on the needs of the client and family. Services include:

- ✦ **Individual Counseling**
- ✦ **Family Counseling**
- ✦ **Case Management**
- ✦ **Chemical Education**
- ✦ **Urinalysis Testing**
- ✦ **Family Support Group**

Should an individual be considered inappropriate for the outpatient component, a referral to a more suitable program or service will be provided to them.

## Referrals

Referrals for services may be made by parents, schools, law enforcement or other community based service providers. **Fees are based upon a sliding scale.**

Outpatient services may also be provided in school settings as needed.
